*Revision No* 2

*Page No* 2 / 2

### **Shelf Life**

Shelf life under suitable storage conditions is 12 months from date of manufacture.

### **Chemical Structure**

Special graded and colored aggregate mixtures

### **Mixing**

Add Tardigrade TGAG 995 aggregate mixture into already homogeneous A and B mix and stir with mechanical drill and paddle at a very low speed till you reach a homogeneous consistency (Approximately 3 minutes). Pour the contents into a clean container and mix for another couple minutes. Please avoid mixing on high speed and do not add any solvent, thinner etc. into the mixture in order to avoid the possible mixture error.

### **Health and Safety Information**

The following protective measures should be taken as per Occupational Health and Safety (OHS) regulations when working with the material. Safety gloves, goggles and protective clothing should be worn. Due to irritation effects of the uncured material, components should not come in contact with the skin, mouth or eyes.

In cases of contact the affected area should be washed with plenty of water and soap. If swallowed, seek medical attention immediately. Do not drink or eat at the application site. Keep out of reach of children. For detailed information please refer to the safety information form (safety data sheet).

### **Product Liability**

Tardigrade Construction Chemicals Inc. is just responsible for the quality of the Tardigrade labelled products. All the data referred herein are gathered as a result of practical and scientific studies. Tardigrade cannot be legally obligated or responsible for any damage unless correct product is used accurately in suitable areas and under right conditions.

### **Legal Notes**
